Technical Information

The Sea Cliff Chamber Players will present the second of their series of Saturday night concerts in Berkner Hall on November 19 at 8 P.M.

Safety & Environ. Protection

The program of "virtuoso duos" features Hamao Fujiwara, violin, a prize winner in both the Paganini and Queen Elizabeth international competitions; Kim Kashkashian, viola, a frequent participant in the Marlboro Music Festival; Hakuro Mori, cello, solo cellist with the Juillard Theatre Orchestra; and Barbara Speer, piano, who has given solo and chamber music performances in Carnegie Recital Hall, Lincoln Center and Town Hall.

The program will consist of Schubert's Sonata for Arpeggione and Piano presented in its viola and piano version by Kashkashian and Speer, the Saint-Saens Sonata in D minor for violin and piano, the Chopin Polonaise Brilliante for cello and piano, and the Ravel Sonata for Violin and Cello, probably the most dazzling piece written for this combination of instruments.

Tickets are \$5 for adults and \$4 for students. Note the 8 P.M. starting time.

## A Fashionable Party

5

How to look like a fashion plate without spending your last dime on clothes, will be the highlight of the Hospitality Committee's Fall Tea and Sherry Party at the Brookhaven Center, Thursday, November 17.

The models featured in this unique fashion show will wear the clothes they made themselves. Presented by a fabric shop in Huntington which specializes in unusual fabrics and sewing classes, the show will feature a wide range of attractive clothes which can be run up by anyone with some knowhow. In addition to the fashion show itself, various sewing techniques will be discussed.

Tea and sherry will be available from 3 p.m. to 5:30 p.m.; showtime is from 3:45 to 4:30 p.m. Wives of employees and women who are employees are cordially invited. (Employee attendance is subject to supervisory approval).

Babysitting will be available at the gym, free of charge.

#### Placement Notices

The Laboratory's placement policy is to select the best-qualified candidate for an available position, with consideration given to candidates in the following order of priority:(1) present employees within the department, with preference to those within the immediate work group; (2) present employees within the Laboratory as a whole; and (3) outside applicants.

Each week, the Personnel Office lists new personnel placement requisitions. The purpose of these listings is, first, to provide open placement information on all nonscientific staff positions; second, to give employees an opportunity to request consideration for themselves through Personnel; and, finally, for general recruiting purposes, Because of the priority preference policy stated above, each listing does not necessarily represent an opportunity for all candidates. As a guide to readers, the listings are grouped according to the anticipated area of recruitment, as indicated below. Except when operational needs require otherwise, positions will remain open for one week following
